

**“Activate Theme and Plugins  
of Lawn Care Template”**

In order to activate the themes and plugins of Lawn Care Template. First you need to login on your site wordpress account.

The screenshot shows a web browser window displaying a WordPress blog. The browser's address bar shows the URL `http://lawncareserviceandscapingdallastexas.com/wp-`. The page title is "Lawn Care Service" with the subtitle "Just another WordPress weblog". The main content area features a post titled "Hello world!" dated "August 25th, 2009". The post content reads: "Welcome to WordPress. This is your first post. Edit or delete it, then start blogging!". Below the post, it says "Posted in Uncategorized | Edit | 1 Comment". On the right side, there is a search bar and a sidebar with sections for "Pages" (About), "Archives" (August 2009), "Categories" (Uncategorized (1)), and "Blogroll" (Development Blog, Documentation).

To login on your wordpress account just type in the "[sitename/wp-admin](#)"

Enter username, password and click Login

The screenshot shows a web browser window with the URL `http://lawncareservicelandscapingdallatexas.com/wp-login.php`. The page displays the WordPress logo and a login form. The form has two input fields: "Username" with the text "admin" entered, and "Password" with masked characters. Below the password field is a "Remember Me" checkbox and a "Log In" button. Three yellow arrows with black outlines point to the form elements: one from the left to the "Username" field labeled "Enter username", one from the bottom to the "Log In" button labeled "Click login", and one from the right to the "Password" field labeled "Enter password".

Click **Appearance** in order to activate the theme.

# GooglePHAT.com

In order to check the current theme of the site just click on **visit site** and **open link in new tab**.

The screenshot shows a web browser window displaying a WordPress theme management interface. The address bar shows the URL: <http://lawncareservice.com/wp-admin/themes.php>. The page title is "Manage Themes - Lawn Care Service". The left sidebar contains navigation links: Dashboard, Posts, Media, Links, Pages, Comments, Appearance (Themes, Widgets, Editor, Add New Themes, Custom Header), Plugins (3), Users, Tools, and Settings. The main content area shows "Current Theme" and "Available Themes". A context menu is open over a link, with the following options: Open Link in New Window, Open Link in New Tab, Open Link in Foreground Tab, Bookmark This Link, Save Link As..., Send Link..., Copy Link Location, Yahoo!, Highlight Keyword..., Show Keyword Density..., Properties, ColorZilla, Inspect Element, Font Finder, FoxyProxy, Link Diagnosis, Get Page Age, NoScript, SEO For Firefox, SeoQuake, and Bookmark this Link to Diigo... Two yellow arrows point to the "Open Link in New Tab" option and the "Click visit site" option (which is not explicitly labeled in the menu but is implied by the text).

Click **Gadsden lawn care theme** to activate the lawn care template.

The screenshot shows the WordPress 'Manage Themes' interface. The current theme is 'WordPress Default 1.6 by Michael Heilemann'. Under the 'Available Themes' section, the 'Gadsden Lawn Care 1.0 by 1' theme is highlighted with a yellow arrow pointing to it. The arrow contains the text 'Click Gadsden Lawn Care 1.0'.

# GooglePHAT.com

Then click activate **gadsden lawn care** to activate the theme

The screenshot shows a web browser window with the URL `http://lawncareserviceandscapingdallastexas.com/wp-admin/themes.php`. The page title is "Manage Themes - Lawn Care Serv...". The main content area displays a list of themes, with "Gadsden Lawn Care" selected. A large white arrow with the text "Click 'Activate Gadsden Lawn Care' to activate the theme" points to the "Activate 'Gadsden Lawn Care'" button. The dashboard also shows a sidebar with navigation links like "HOME" and "ABOUT", and a main content area with a "Hello world!" message and a search bar.

Now the theme is already set it up.
